**Dear Horse Owners and Exhibitors**, we are glad that you plan to participate in our show. Please read the announcement thoroughly! Once again, your attention is invited to the page addressing "Allgemeine Bestimmungen" (= Basic Information). The organizers will not accept incorrect preregistrations and will not commit themselves to reserving horse boxes. Incomplete nominations will not be considered in the catalog! Please also advise your trainers and demonstrators that the nominations and reservation of horse boxes will only be made after payment of the entry fee.

## **Preamble**

In our dealings with horses, we take responsibility for living creatures that are entrusted to our care. At all events held at Marbach State Stud, we place great value on animals being treated in a manner suitable to their nature. Accordingly, we are strongly opposed to manipulation of a horse's performance by drugs or any other unsuitable means. A horse should be treated according to its nature, its abilities, and its willingness. As humans we must act according to this responsibility, always to the benefit of the horse.

Marbach State Stud wishes all participants in the **Bairactar Memorial 2013** every success and joy.

## **International C-Show**

### **Venue**

The show will be held in the stud's large indoor arena.

### **Conditions of Entry C int. Show**

Open to horses that are registered in any WAHO recognized studbook by the closing date of entries.

### **Entry restrictions**

Title Show and A Show Champion Gold and Silver medal winners are not allowed to take part in a B show for the rest of that calendar year and the calendar following two years, unless the horse has passed from a junior to a senior category. Anybody entering an overqualified horse will be liable to a fine of € 600 and the horse will be disqualified.

### **Judging system for classes (C int. show)**

Each judge gives 1-10 points for the following criteria:

Three judges will judge each class independently of each other and without catalogue, giving 1-10 points for the following criteria: type (breed and gender), head & neck, body & topline, legs, movement (walk and trot). Half points are not allowed.

The final score is achieved by adding the total points, dividing the sum by the number of judges and transposing the result to the 100 points system. Classes with less than three entries will be combined with the next higher or lower class. Classes with more than 16 entries may be split.

### **Rules for ties**

In the event of a tie in the qualifying places of a class, the higher place will be given to the horse with the most points for type. If there is still a tie, the higher place will be given to the

horse with the most points for movement. Failing a decision on either of these, one judge chosen by ballot will name his preference.

### **Qualification:**

The first three horses in each class are qualified for title shows and A shows.

## Judging System for the Championships

### Rules for Championships

1. With the exception of shows judged under the single judge system, Championships will be judged as follows:
  - a) The horses placed first in their class line up ordered according to age. The horses placed second in their class line up behind them in the same order.
  - b) The first placed horses will be judged individually, standing and trotting.
  - c) The judges will not discuss the horses.
  - d) The Champion Gold medal winner is selected from amongst the horses placed first in their class by individual written votes from each judge. The best placed horse will be Champion Gold medal winner. In the event of a tie, the horse that received the highest number of points in its class will be declared Champion Gold medal winner. In the event of a further tie, the "Rules for Ties in Qualifying Places" will apply. The Silver medal winner will be selected in the same way as the Gold medalist from all other horses that have qualified for the Championship.
2. The Bronze medal winner will be selected using the same system used to select the Silver medalist.

The votes of the judges in the Championships will be announced and will be published at the show office immediately after the judging has finished.
3. A fourth horse will be selected, which will become the Bronze medal winner should one of the three medal winners be disqualified. If this exhibit is not apparent from the voting papers, the judges will be asked to nominate one. This horse will not be announced. In the event that two or more of the medal winners are disqualified, no further substitution will be made.
4. If a horse placed first in its class is not able to take part in the Championship, the horse placed second in the class will move forward and be judged with the other horses placed first. Should a horse placed first be sent out of the ring by the judges for any reason, it will be deemed to have taken part in the championship and, therefore, the second placed horse will not be judged with the other first placed horses. Substitutions for absent first-placed or second-placed horses by third-placed or lower-ranked horses will not be permitted.
5. All horses that qualify for their respective Championships must take part in the Championship. Unless a certificate from the DC veterinarian is produced, failure to compete will disqualify the horse from the show, with its record of score and class placing being deleted and the horse being disqualified from showing for the period of one year as from the date of the show. In the event of a disqualification, horses placed behind the disqualified horse will move up a place in the class but not be entitled to enter the Championship.

The rules set down in the Blue Book 1010 of the EAHSC apply in every aspect. In case of doubt or differing opinions, the original English version applies.

Apart from that, the following rules apply:

- Rules for Conduct of Shows
- Rules for Ties in Qualifying Places

- Rules for Championships
- Rules for Disciplinary Committees
- Rules for Medication Control
- IV Addendum
